LUNG CANCER SYMPOSIUM 2024

@ Royale Chulan Kuala Lumpur

26 - 28 April 2024

FACULTY – BRIEF BIOGRAPHY

Dr. Tan Seng Beng

MBBS (UM), MRCP (UK), Clinical Fellowship in Palliative Medicine (Singapore)

Consultant in Palliative Medicine

Subang Jaya Medical Centre
Subang Jaya.

Dr. Tang Seng Beng is a distinguished palliative care specialist, renowned for his expertise in cancer pain management, symptom control, psychological and caregiver support, and end-of-life care for patients with a range of advanced illnesses. With postgraduate qualifications from the Royal College of Physicians (United Kingdom) and extensive clinical training in internal medicine and palliative medicine, Dr. Tang is highly regarded in the medical community. He holds memberships in prestigious medical associations and has served on various committees, including the Malaysian Medical Council Palliative Medicine Subspecialty Evaluation Committee. Dr. Tang's commitment to advancing palliative care is evident through his research contributions, particularly in the areas of suffering, well-being, and mindfulness-based therapies, as evidenced by his numerous publications in academic journals and authored books on mindfulness and palliative care.
